

PRINCE KUMAR

Software Engineer (AIML) | B.Tech Student

Greater Noida, Uttar Pradesh, India | +91 85419 34285 | Princek28788@gmail.com | github.com/Ravan28788 | linkedin.com/in/prince84ya

PROFESSIONAL SUMMARY

B.Tech (AI & Machine Learning) student skilled in Python, C++, and JavaScript, with a strong foundation in ML libraries (NumPy, Pandas, Scikit-learn, XGBoost). Solved 400+ DSA problems on LeetCode and GeeksforGeeks. Shipped multiple end-to-end projects spanning web development and applied ML. Seeking a Software Engineer role to apply strong problem-solving skills to real-world engineering challenges.

TECHNICAL SKILLS

- Programming Languages: C++ (OOP), Python, JavaScript
- Python Libraries: NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn, SciPy, XGBoost
- Web Development: HTML, CSS, React (basic), Node.js
- Databases: SQL, MySQL
- Tools: Git, Microsoft Office (Word, Excel, PowerPoint)
- Core Strengths: Data Structures & Algorithms, Machine Learning, Problem Solving

PROJECTS

Quiz Website | HTML, CSS, JavaScript, Node.js

- Built a full-stack quiz application with a Node.js backend for question handling, scoring, and result tracking.

Sentiment Analyzer | Python, Machine Learning

- Developed a text-classification model to detect sentiment (positive/negative/neutral) from user input using NLP techniques.

Fake News Detector, Fraud & Loan Approval Prediction | Python, Scikit-learn, XGBoost

- Built and evaluated classification models for fake-news detection, fraud detection, and loan-approval prediction using feature engineering and model tuning.

Chat Analyzer | Python

- Built a tool to parse and analyze chat data, surfacing usage statistics and behavioral insights.

Loan Application Portal with Admin Panel | HTML, CSS, JavaScript, Firebase

- Built a loan website with a Firebase backend and an admin panel to review and manage applications.

INTERNSHIP EXPERIENCE

IBM — PBEL Internship (Sep – Oct)

- Project-based experiential learning internship; gained exposure to industry tools and collaborative project workflows.

Celebal Excellence Internship (CEI) Program, 2026

- Selected for Celebal Technologies' Excellence Internship Program; worked on applied technical projects under mentorship.

EDUCATION

B.Tech, Artificial Intelligence & Machine Learning — LIET, AKTU | Expected 2027 (4th Year, Pursuing)

Class XII (Science) — T.S. College, Hisua, BSEB | 2022

Class X — High School, Tungi, BSEB | 2020

EXTRACURRICULAR ACTIVITIES

- Active participant in college technical events and workshops
- Volunteered in community outreach programs during school and college, including with India Expo Mart Ltd.

LANGUAGES

English, Hindi
